The South 40

No-til field day set for Wed., Oct. 17

By JAMES A. SMITH

A no-till field day will be held October 17 at Fort Pickett beginning at 9:00 a.m. This program will feature: no-tillage and its impact on conservation, conservation tillage and you, a no-til panel and how it relates to-soybeans, grain crops, forages, soil fertility, weed control and soil compaction. The afternoon session will consist of field no-til demonstrations: row crop no-til seeding, forage no-til seeding, sprayer calibration and conservation tillage equipment.

This is an important subject for Appomattox producers and I hope we can have a good representation present.

There is a lot of Brown Stem Rot in soybeans this year all over the state. We have found it in Appomattox beans. No control, a longer rotation is the only hope for control.

There is more morning glory in corn than we've seen in a long time. I just want to mention that growers need to be especially careful at corn harvest. It's easy to be an accident participant when this weed is so abundant. Do be careful.

Soybean producers with serious weed problems should give serious consideration to killing the weed population with paraquat so harvest will not be delayed. Early maturing varieties have a problem with seed quality--they deteriorate rapidly when humidity and temperatures are high.

Apply 0.5 - 1.0 pints paraquat in 20 to 40 gallons of water plus one quart Ortho X77 per 100 gallons. Apply when seed is fully developed and 1/2 of the leaves have dropped and remaining leaves are yellow.

It's that time of year to treat beef cattle for grubs. Every year there are a few who wait until the final date (November 1) and want to treat. Do it now while there is plenty of time. There are a number of materials on the market that do a good job.

Last over pesticides need to be properly stored. A building to store pesticides in and out of season makes good sense. A USDA plan measuring 12 X 20 feet is available for 50 cents by writing: Extension Agricultural Engineer--Plan Service, 058 Townsend Hall, University of Delaware, Newark, Delaware 19717-1303. Ask for plan number 6346--Pesticide Storage Building.

There is some new hay technology being developed that will reduce the drying rate of cut forage. They are known as desiccants, drying agents or chemical conditioners. They appear to work best on second and third cuttings. The materials appear to work best on legumes--alfalfa and clover. They are not effective on grasses.

The initial investment for application equipment can run as high as $1000--so it's not something to just try on a small basis.

There are growers who do not like to harvest the second cutting red clover hay crop, because livestock will not eat the hay. Excessive slobbering also results with cattle eating such hay. These problems occur when the fungus disease black patch occurs. The fungus condition cannot be predicted as it doesn't occur every year. Harvesting at early bloom stage helps to reduce the likelihood of the problem. The forage can be utilized as grazing or silage with no concerns about palatability.

If you file tax returns for others you should plan to attend one of the 1984 Farm and Small Business Income Tax Conferences. They begin November 12. Registration forms and programs are available from this office.

CHARLIE G. JOHNSON of Route 2, Appomattox, grew this three-pound, ten-ounce sweet potato in his garden. He purchased the sweet potato slips from Coleman and Sons, Inc. Although he has been gardening all his life, this potato measuring 14 and one-half inches around, is the biggest he has ever produced. (Photo by Bill Sherrod)

Surplus foods distributed

The Appomattox County Department of Social Services will distribute surplus butter, cheese and powdered milk on Tuesday, October 16, 1984. The distribution will be held at the Appomattox Depot on Main Street and last from 9 a.m. until 2 p.m.

Surplus food will be given to the recipients of Food Stamps, Medicaid, Aid to Dependent Children, Supplemental Security Income and Fuel Assistance. Also, people with a gross income below 130 percent of the poverty level will be eligible.

Medicaid and SSI recipients must show their Medicaid I. D. cards to receive the surplus food. Recipients of Fuel and ADC will be checked against a master list. Food Stamp recipients must bring the notice sent with the October Food Stamps. People requesting surplus food based on income will be required to sign a form listing all household members and all gross monthly income. Be prepared to supply this information. (See Chart).

Only one distribution of surplus foods will be issued to a household. Please bring a bag or box with you.

Family Size	Monthly Gross Income
1	$ 527

ASCS Today

Farmers to nominate for ACS committee

By TOM CONRAD

FARMERS ARE ASKED TO MAKE NOMINATIONS FOR THE ASC COMMITTEE - Farmers are asked to nominate candidates of their choice by October 29 to be on the ASC community committee ballot.

The ASC community committee election will be conducted from Nov. 23 to Dec. 3 by mail ballot. The three ASC communities in Appomattox county are: Stonewall, Cloverhill, and Southside.

ASC committees are responsible for managing government farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals. Appomattox county farmers have the opportunity to nominate persons they feel would best serve the farm community. Farmers will receive petition forms by mail.

A few basic considerations should be kept in mind when circulating petitions. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least 3 eligible farm voters in the ASC community, and must be received in the county ASCS office by Oct. 29 deadline.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a farmer for the ASC committee election may contact the county ASCS office for full details, including eligibility requirements for office holding.

Farmers should nominate, and elect those individuals they feel would do a good job as a member of the ASC committee. The cooperation of concerned farmers to continue an ASC committee is essential in the administration of farm programs.

The county ASCS office welcomes all valid petitions. The opportunity to nominate, vote, and be elected to office is guaranteed to all farmers regardless of race, religion, sex, age, color, or national origin.

DEFICIENCY PAYMENTS SCHEDULED FOR WHEAT FARMERS - Appomattox County farmers who participated in the 1984 wheat program and accurately reported their 1984 crop acreages to the Agricultural Stabilization and Conservation Service will likely receive wheat deficiency payments.

The 1984 farm program participants become elegible for deficiency payments if national average market prices for wheat during the first five months of the marketing year fall below the government-established target price of $4.38 per bushel. Nationally farm prices received by farmers during the first three months of the marketing year have averaged near the $3.50 per bushel loan rate.

Farmers who have filed applications for payment will likely receive a deficiency payment of between $0.38 and $1.00 per bushel on their 1984 wheat crop. The agency will begin issuing wheat payments to participants after Dec. 1, 1984.

At Phenix

Flea-market, chicken fry set

The Phenix Volunteer Fire Department will hold a flea-market and chicken fry on Saturday, Oct. 13. The flea-market will start at 10 a.m., with chicken ready by 11 a.m. Anyone wishing to set up a table should contact the Phenix Fire Department at 542-5017, or 542-5085.

Items donated to the Department for sale will be graciously accepted. During the flea-market, the Department will display and accept sealed bids on a 1960 model 20 series truck.

The Phenix Volunteer Fire Department encourages all to stop by find a bargain and stay for lunch.

Local FAP begins

The Appomattox County Fuel Assitance Program will begin on November 1, 1984. People who wish to be firewood providers should contact the Department of Social Services during the first two weeks of October, 1984.

Each wood provider must sign a contract with our agency. The wood provider must also bring in the truck to be used for measurement. No trucks with a body smaller than eight feet will be contracted.

Only a small number of wood providers will be used this year. Our agency is looking for providers who can supply a large amount of hardwood on short notice. Wood providers from last year who had more than two client complaints will not be used this year. This also applies to wood providers who were late with their deliveries.

If you have questions, please call 352-7125 and ask for Randy Williams.

Kress promoted

Kimberly Kress, daughter of Mark and Mildred T. Hipps of Rural Route 1, Pamplin, Va., has been promoted in the U.S. Air Force to the rank of senior airman.

Kress is a medical service specialist at Luke Air Force Base, Ariz., with the Air Force Hospital.

Mrs. Robert Allen De Muth

Hamlett, DeMuth wed

The marriage of Miss Eva Delores Hamlett to Robert Allen (Bobby) DeMuth took place on Saturday, Sept. 22, 1984 at three o'clock in the afternoon at Beale Memorial Presbyterian Church in Pamplin.

The Rev. Philip Edward DeMuth, minister with Buchanan United Methodist Charge, father of the groom, and the Rev. David Alastair Renwick, pastor of the church, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Allen Hugh Hamlett Sr. of Evergreen, Va. The bridegroom is the son of the Rev. and Mrs. Philip Edwin DeMuth of Buchanan, Va.

The bride was escorted by her father and given in marriage by her parents.

Miss Donna Marie Hamlett, sister of the bride, of Evergreen, served as maid of honor.

Mr. James DeMuth of Phenix, brother of the groom, served as best man. Ushers were Mr. Allen Hugh Hamlett, Jr. and Mr. Steve Warren Hamlett, both of Evergreen and brothers of the bride.

Music was provided by Miss Billie Starr Brightwell.

The bride is a graduate of Appomattox County High School and is now attending Phillips Business College in Lynchburg. She is currently employed at the Appomattox Dairy Queen.

The groom is a graduate of Randolph Henry High School and is currently employed at Armstrong Furniture Company in Appomattox.

The couple will reside in Evergreen.

Cindy Dawn O'Brien

O'Brien, Hopkins will wed

Mr. and Mrs. T. E. O'Brien of Appomattox proudly announce the engagement of their daughter, Cindy Dawn O'Brien to Roy D. Hopkins, Jr. the son of Delores T. Hopkins of Appomattox and the late Roy D. Hopkins, Sr.

Cindy is a student at Radford College and Roy is employed by Locust Grove Farm Shop is Appomattox.

No date has been set for the wedding.

Oakville club will meet

The Oakville Extension Homemakers Club will meet Thursday, Oct. 4 at 1:30 p.m. at the Oakville School Building.

Anyone who would like to join the club is asked to call Geraldine Marshall at 352-8093. The meetings are open to all people, regardless of race, color, creed or age.

Birth is announced

Angela and Edward (Danny) Hamlett, Jr. of Pamplin announce the birth of their daughter, Amanda Lynn, on Monday Sept. 24 at 12:17 p.m. in the Virginia Baptist Hospital.

Amanda Lynn weighed seven pounds and four ounces and was 19 and one-half inches in length at birth.

Maternal grandparents are Brenda and Roy Barden of Richmond and Gene Little of Louisville, Ky.

Paternal grandparents are Edward D. Hamlett Sr. and Mary Rice Hamlett of Pamplin.

Maternal great-grandparents are Joe and Lucille Forsyth of Richmond.

Paternal great-grandparents are Mrs. Lula Scates of Montross and Hoke and Ruby Scates of Richmond.

winner of the baby contest held at the Mt. Shiloh Baptist Church on Sunday, September 30. Kimberly is the daughter of Mr. and Mrs. Charles H. Abbitt of Sprout Spring, Va.

Birth announced

Milton and Debbie Ferguson of Pamplin, proudly announce the birth of their daughter, Kristie Jean.

Kristie was born September 8, 1984 at 12:06 a.m. in Virginia Baptist Hospital. She weighed 7 pounds and 4 ounces at birth and was 20 and three-fourths inches in length.

Maternal grandparents are Mr. and Mrs. Ernest Baldwin of Pamplin.

Paternal grandmother is Mrs. Peggy Ferguson of Appomattox.

Paternal grandfather is Billy Ferguson of Rt. 1 Appomattox.

Paternal great-grandmother is Mrs. B. R. Harris of Rt. 1 Appomattox.

Baldwin reunion slated

The annual Doc Baldwin reunion will be held Sunday, Oct. 14 at the Pamplin Fire House.

The meal will begin at 2 p.m. All relatives and friends are invited to attend.

THE FAMILY OF MRS. LAVE TORRENCE and the late Mr. Jesse Torrence met at the home of Mr. and Mrs. Elliott Torrence Sunday, Sept. 30 for a family reunion. Five generations of Torrences were represented. Shown here are Mrs. Lave Torrence, Mrs. Thelma Conner, Mrs. June Thornhill, Mr. Donnie Thornhill, and Tray. Many other family members and friends were present at the reunion.

Assembly drawing Oct. 4

The Appomattox Assembly's Scholarship Drawing will be held at the Assembly's regular meeting on Thursday, Oct. 4. All participants are welcomed to attend.

The meeting will be held in the Middle School Annex Building at 7 p.m.

We would like to express our appreciation to our members, Mrs. Dorthy Steven, Mrs. Annie Humbles... volunteer registrars... and to Mrs. Hilda Chilton for their dedicated and conscientious efforts in locating and registering more citizens to become involved in the selection of persons who control their lives.

Elder is contestant in teen pageant

Cherie Elder of Buckingham will represent the state of Virginia in the National Miss Teen of America Scholarship and Recognition Pageant to be held in Duluth, Minnesota Sept. 29 - Oct. 7.

The Pageant will be highlighted by the naming of the new Miss Teen of America at Pageant Finals on Saturday, Oct. 6 in Duluth beginning at 8 p.m. Central Time.

The Miss Teen of America Pageant is not a beauty pageant. National candidates are judged on scholastics, service and achievement to school and community, personal development of hobbies, talents, and interests, a written general awareness test, judges's interview, and poise and appearance in formalwear.

During their ten-day stay in Duluth the candidates will be involved in a number of activities.

Hints for Bathroom Cleaning

*Special Note: Because of numerous requests for this information, this article is being reprinted.

This week I will share with you information on how to take care of specific problems in the bathroom. These problems relate to cleaning and maintaining your bathroom for the best possible working conditions.

CLEANING THE BATHTUB

**For an extremely stained tub, use a mixture of perioxide and cream of tartar. Make a paste and scrub vigorously with a small brush. Rinse thoroughly.

**If stain persists, spread the above mixture over stain and apply a drop or two of household ammonia. Allow to set for two hours before scrubbing.

**Very old porcelain stains can be cleaned by shaving a bar of Naphtha soap into a bucket of hot water and add 1/2 cup of mineral spirits. Stir to dissolve the soap and then brush on stain vigorously. The amount of water is approximately 1 1/2 gallons.

TUB AND SINK CLEANERS

Light stains can often be removed by simply rubbing with a cut lemon.

**For dark stains, and especially rust, rub with a paste of borax and lemon juice.

**To brighten up a bathtub which has yellowed, rub with a solution of salt and turpentine.

HOW TO REMOVE BATHTUB DECALS

**Soak decals in mineral spirits, then scrap away. Spray down with a spray cleanser and rub with the abrasive side of a sponge. Now wax the entire tub, tiles, faucets, etc. with Turtle Wax. It will shine like new. Turtle Wax is an excellent cleaner and refinisher.

**Rub in Turtle Wax well with a soft cloth and let stand for a few minutes. DO NOT LET IT DRY. Polish with a good clean cloth or buff with a hand electric buffer. Your bathroom will gleam like new.
